### **Continuing Professional Development (CPD)** ***Joint Seminar on Green Design of Hot Water System(I)*** ***from the Basics to Solar Water Heating***

**Date** : 13 Oct 2017 (Friday)  
**Time** : 7:00 p.m. – 9:30 p.m. (Registration starts at 6:30 pm)  
**Venue** : Room Z211, Hong Kong Polytechnic University,  
Cheong Wan Road, Hung Hom, Kowloon, Hong Kong

**Programme Highlight** : This seminar is co-organized with Institution of Mechanical engineers (Hong Kong Branch), HKIE (MMNC), and HKIE (Environmental Division). Among all the sustainable systems, water heating by **Solar Collector and Heat Pump** are the two of the most effective. However, their performances are always affected by the design, setting up, operation, and maintenance.

This seminar covers information from fundamental knowledge to system design of solar water heating. Characteristics of different types of products area also introduced to enable matching applications.

**Guest Speaker** : Mr. Arthur Li, Vice-Chairman of CIPHE Hong Kong Branch

**This is about Speaker's Bio** : He has been working in the engineering field for over 35 years, specially in thermal systems in the last 25 years. His projects cover the design and development if water heating systems, including sustainable system with solar collectors and heat pumps, for hotels, schools, hospitals, club houses, etc. Taking action to encourage sustainable development, he has also been sharing his knowledge and experience in thermal systems throughout the past decade in seminars and lectures.

**No. of Participants** : Maximum 200 seats are available  
(50 seats are reserved for each supporting organization)  
*(Registration is on a first come, first reserved basis)*

**Language** : Cantonese with Materials in English (no hard copy will be distributed)
